Revised: n/a

**PROGRAM ADVISORY SUMMARY**

- ***Effective Date: July 26, 2011***
- ***A standing waiver regarding the verification of state licensure and state controlled substance registration is issued to all ambulatory surgical centers licensed in the State of Indiana. Centers will not be required to submit waiver requests for the following state rules if the center follows the approved alternative:***

410 IAC 15-2.5-4(a)(4) Maintain a reasonably accessible hard copy or electronic file for each member of the medical staff, which includes, but is not limited to, the following:

**(C) A current copy of the individual's credentials as follows:**

  - (i) Indiana license showing date of licensure and number or available data provided by the health professions bureau. A copy of practice restrictions, if any, shall be attached to the license issued by the health professions bureau through the appropriate licensing board.**
  - (ii) Indiana controlled substance registration showing number as applicable.**
  - (iii) Drug Enforcement Agency registration showing number as applicable.**
- ***The standing waiver applies to all licensed personnel with licenses maintained by the Indiana Professional Licensing Agency (MDs, Nurses, NPs, PAs, etc.) working for the center.***
- ***This advisory provides guidance on obtaining the alternate methods of verification.***

Background:

The Indiana State Department of Health (ISDH), Acute Care Division, recognizes that the Indiana Professional Licensing Agency (PLA) has made a number of modifications to license cards and certificates such that a specific expiration date is no longer printed on each card. In place of a specific expiration date, most cards now read ‘expires June 30 of every odd year’ or something similar.

In order to verify a valid license (or the expiration thereof), either the licensee or the center would be required to pay a fee to obtain an official document indicating the validity of the license. The ISDH believes this was an unintended consequence of the changes implemented by the PLA with respect to the rules in place at 410 IAC 15. The ISDH is therefore issuing standing waivers for the requirement that centers maintain ‘a copy of’ the document(s) as required by rule while maintaining the intent of the rule which is to ensure that all licensed personnel hold valid licensure.

Agency Action Issuing a Standing Waiver:

Current state rules require ambulatory surgical centers to maintain a copy of certain documents. The ISDH hereby issues a standing waiver for provisions in 410 IAC 15-2.5-4(a)(4)(C) if the ambulatory surgical center is in compliance with approved alternatives described below.

Approved Alternatives:

**Indiana Licensure and/or State Controlled Substance Registration:**

Indiana Administrative Code (IAC) - 410 IAC 15-2.5-4(a)(4)(C)(i) and (ii) require the following:

Sec. 4. (a) The medical staff of the center is accountable to the governing body of the center. The medical staff must be organized and operate under bylaws approved by the governing body. The medical staff is responsible to the governing board for the quality of medical care and surgical services provided to patients. The medical staff must be composed of one (1) physician, dentist, or podiatrist. The medical staff shall do the following:

...

(4) Maintain a reasonably accessible hard copy or electronic file for each member of the medical staff, which includes, but is not limited to, the following:

...

(C) A current copy of the individual's credentials as follows:

(i) Indiana license showing date of licensure and number or available data provided by the health professions bureau. A copy of practice restrictions, if any, shall be attached to the license issued by the health professions bureau through the appropriate licensing board.

(ii) Indiana controlled substance registration showing number as applicable.

Centers may use printout from the online services of the Indiana Professional Licensing Agency to verify current Indiana Licensure and State Controlled Substance Registration by going to the following website: <https://mylicense.in.gov/EVerification/Search.aspx>. The center should print

out the search results and maintain the verification in the appropriate file. The printed copy of the search should contain an address bar and date at the bottom of the printed page.

**Drug Enforcement Agency Registration:**

Indiana Administrative Code (IAC) - 410 IAC 15-2.5-4(a)(4)(C)(iii) requires the following:

Sec. 4. (a) The medical staff of the center is accountable to the governing body of the center. The medical staff must be organized and operate under bylaws approved by the governing body. The medical staff is responsible to the governing board for the quality of medical care and surgical services provided to patients. The medical staff must be composed of one (1) physician, dentist, or podiatrist. The medical staff shall do the following:

...

(4) Maintain a reasonably accessible hard copy or electronic file for each member of the medical staff, which includes, but is not limited to, the following:

...

(C) A current copy of the individual's credentials as follows:

(iii) Drug Enforcement Agency registration showing number as applicable.

Centers may use a printout from the online services of the Drug Enforcement Agency (DEA) to verify current DEA registration by going to the following website:

<https://www.deadiversion.usdoj.gov/webforms/validateLogin.jsp>. This website requires a current DEA number, name, and social security number in order to log on and perform a search. You may log on with an individual's data and then perform the verification on the very same person. For centers that do not have this information available for the person being verified, the center may:

- Have the registered individual log on and perform the verification on themselves, print the results page and submit it to the designated center staff member; or
- Subscribe to the DEA database through the U.S. Department of Commerce, National Technical Information Service (NTIS) at: <http://www.ntis.gov/products/dea.aspx>

The center should print out the search results and maintain the verification in the appropriate file.

**Questions:**

Questions about this program advisory letter may be addressed to Ann Hamel, Program Director, (317) 233-7487, email: [ahamel@isdh.in.gov](mailto:ahamel@isdh.in.gov) or Randy Snyder, Division Director, (317) 233-1286, email: [rsnyder1@isdh.in.gov](mailto:rsnyder1@isdh.in.gov).
