

## Instructions to Access INDOT Hydraulics Training Courses

The INDOT Hydraulics training course are now offered on a Success Factors. With Success Factors you can self-register for training. If not done so already, you will first need to go to the following site to register for Success Factors. It is suggested that Google Chrome be used with Success Factors.

<https://indianaoff.plateau.com/learning/user/portal.do?siteID=INDOT%5fEXTERNAL&landingPage=login>

Once you have registered, you can access the courses by going to the Learning section of the website from the dropdown at the top of the page (see below). You can then search for the classes you would like to take.

Please search for “hydraulics” within the Find Learning search box located right of the My Learning Assignments. There are four courses available to choose from. *Please note the Driveway Permit Hydraulics course is the only required course for driveway permit reviews.*
