FY2012-2015 Indiana Transit STIP Amendment #17, dated May 18, 2012  
FY2012-2015 Indiana Transit STIP Amendment #18, dated May 24, 2012

Dear Mr. Buckel:

We have reviewed the State Transportation Improvement Program (STIP) amendment requests you submitted via correspondence dated May 18 and 24, 2012. The requests amend the Transportation Improvement Programs (TIPs) to add projects for the following:

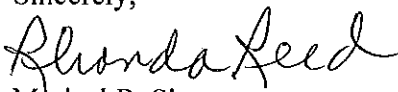

- West Central Indiana Economic Development District
- Indianapolis Metropolitan Planning Organization
- Northwestern Indiana Regional Planning Commission

The amended TIPs have been endorsed by the appropriate Metropolitan Planning Organizations (MPOs). All of the projects listed in the attached STIP amendment table (Attachment 1) are eligible for FTA funding.

We have determined that the amendments to the TIPs and STIP are financially constrained and that the projects are consistent with the MPO and statewide transportation plans. These projects were developed in accordance with the requirements of 23 CFR 450, and are exempt from the air quality conformity determination process. These projects are approved for inclusion in the STIP.

If you have any questions concerning this STIP amendment approval, please contact Reginald Arkell at (312) 886-3704. Thank you.

Sincerely,

RE: FY 2012 – FY 2015 State Transportation Improvement Program Transit Amendment #17

Dear Ms. Simon;

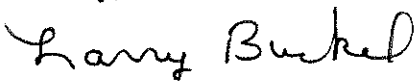

Please find attached a Metropolitan Planning Organization TIP amendment which must be approved and included into the FY 2012 State Transportation Improvement Program. We will reflect by reference the 2012 – 2015 federal aid projects covered by this approval in our 2012 - 2015 STIP. The amendment is for the Indianapolis Metropolitan Planning Organization. The resolution number is 12-IMPO-004. The project to be added is as follows:

MPO	Project Description	<u>DES #</u>	<u>Federal Amount</u>	Program
Indianapolis	Replacement Buses (E2010-10-BUSP-095)	1297209	\$300,000	Section 5309

We have determined that the proposed amendments are: 1) consistent with the transportation plan; 2) the TIP remains fiscally constrained in that federal funding resources are sufficient to support the new or modified projects and 3) conform to state and national air quality standards as required by the Federal Clean Air Act Amendments of 1990.

We request your review and approval of the subject amendment. Please contact me at (317) 232-5292 if you have any questions.

Sincerely,

Office of Transit

WHEREAS, the MPO consulted with the Interagency Consultation Group and the agencies concurred in the MPO finding that the TIP amendment projects are exempt, per 40 CFR 93.126 & 127, and there is no need to update the conformity analysis or issue a new conformity finding; and
