# I-69 EVANSVILLE TO INDIANAPOLIS STUDY
Tier 1 Environmental Impact Statement

Preferred Alternative 3c   Page 1 of 20

Bernardin, Lochmueller & Associates, Inc.
UTM 16, NAD83, meters
DATE: 2003   v.1118

Note: GIS data used to create this map are from the best known sources existing at this time. However, experience shows that many national datasets such as cemeteries, churches, airports, schools, karst, etc. are not all inclusive. Some national datasets are created on a much smaller scale than that mapped here and as a result have positional inaccuracies. Use of this map should be limited to planning, but should not replace field review or background checks with other sources.
