## Indiana Office of Utility Consumer Counselor Consumer News.... For You!

APRIL 2017

### CALL BEFORE YOU DIG!

Governor Eric J. Holcomb has declared April as Safe Digging Month. It's a reminder to all of us to call 811 at least two business days before digging, or file an online request at [www.811now.com](http://www.811now.com). Having the utility lines in your yard is a free service that's required by state law before digging. More importantly, it can help prevent a serious or even fatal accident. Remember: Underground utility lines in your yard may be much shallower than you think.

### CASE UPDATES

Recent filings in IURC cases include closing arguments in the [East Chicago](#) municipal water rate case and the settlement agreement in the [Citizens sewer](#) rate case subdocket. The OUCC will file testimony soon in the [Ohio Valley Gas](#) and [Rivers Edge](#) water rate cases.

Updates on rate cases and other key cases are posted regularly on the OUCC website.

### WE'RE HIRING

The OUCC has openings for legal, accounting, environmental analysis, and engineering positions. If you're committed to consumer advocacy and want to be part of a high-performing team, one of our positions may be the one for you. We've posted the positions on our [website](#). Applications are being accepted now at [careers.IN.gov](http://careers.IN.gov).

### TELL A FRIEND

The OUCC's monthly newsletter is a free service, and we encourage all Indiana consumers to sign up. The simplest way to subscribe is by emailing us at [uccinfo@oucc.in.gov](mailto:uccinfo@oucc.in.gov). We won't sell your information, and we will send you only one email each month.

### OUR MISSION

To represent all Indiana consumers to ensure quality, reliable utility services at the most reasonable prices possible through dedicated advocacy, consumer education, and creative problem solving.
