VECTREN NORTH NATURAL GAS RATES

The OUCC is [recommending denial](#) of the CenterPoint/Vectren North gas rate request, for customers in the former Indiana Gas Co. service territory. The utility's request would raise its monthly fixed residential customer charges by \$3.91, while they would go down by \$5.59 under the OUCC's recommendations. Utility rebuttal is due May 3.

AES ELECTRIC VEHICLE PLAN

Written consumer comments are invited on the proposal from AES Indiana (formerly IPL) to develop a series of [electric vehicle programs](#), including cost recovery through rates. The OUCC anticipates filing testimony in late August.

ADDITIONAL CASE UPDATES

- Oral arguments on the 2020 [Duke Energy](#) rate order are scheduled before the Indiana Court of Appeals on Apr. 8.
- The IURC evidentiary hearing in the [CenterPoint/Vectren South](#) rate case is scheduled to start on Apr. 12.
- OUCC testimony on [NIPSCO's](#) excess distributed generation tariff is due on Apr. 12.
- [Indiana Michigan Power](#) (I&M) has scheduled an Apr. 14 virtual workshop on its integrated resource plan.
- An IURC evidentiary hearing on [American Suburban Utilities'](#) rates (Tippecanoe Co.) is scheduled for Apr. 22.
- The OUCC is scheduled to file testimony on CenterPoint Energy's [Posey and Warrick County solar projects](#) on Apr. 30. OUCC testimony on NIPSCO's [Fairbanks Solar Project](#) in Sullivan County is due May 3.
- The IURC has approved the settlement agreement in the [Columbus City Utilities](#) water rate case.

SPRING HAS ARRIVED

Spring cleaning is filled with ways to make your home more energy efficient, and we will post ideas on social media over the next few weeks. Among them:

- Vacuum the coils on your refrigerator.
- Dust your thermostat. Make sure all vents are clean.
- Be sure your HVAC unit has a clean filter.
- Change light bulbs to more efficient LEDs.
- Set your ceiling fans to turn counterclockwise.

APRIL IS NATIONAL SAFE DIGGING MONTH

If you're planting a tree, building a deck, or doing any other project that requires digging, remember to call 8-1-1 or complete the form at [811now.com](#) at least two business days in advance. Knowing where your underground utility lines are buried, and avoiding them, can prevent a serious and costly accident.

OUR MISSION

To represent all Indiana consumers to ensure quality, reliable utility services at the most reasonable prices possible through dedicated advocacy, consumer education, and creative problem solving.
